## SKILLS

- Basic computer skills
- Research skills
- Teaching skills
- Drumming skill
- Event planner
- Gymnastics

## PROJECTS

- **Total Aflatoxins Levels**

Carried out the research during my final year in Kaduna State University (KASU) to verify the levels of Total Aflatoxins of cereals consume within a specific local government in Kaduna State.

The research was carried out in Mycotoxin Lab at National Agency for food and Drug Administration and Control (NAFDAC).

**Result**

At the end result showed that levels of Total Aflatoxins are within acceptable limits therefore mycotoxins are not the major causes of liver complications within the local government.
